

### Construction:

<b>Conductor:</b>	copper strands acc. to IEC 60228
<b>Color code:</b>	colored acc. to specification
<b>Stranding:</b>	conductors twisted to pairs
<b>Jacket material:</b>	PUR, TPU acc. to EN 50363-10-2 + VDE 0207-363-10-2
<b>Jacket color:</b>	green (RAL 6018)

item no.	dimensions AWG/pr	stranding	nominal outer-ø inch mm	
▶ 16874631	26/4pr	paired	0.280	7.1

Other dimensions and colors are possible on request.

### Technical Data:

Peak operating voltage	Testing voltage	Temperature range	Torsion angle	Absence of harmful substances
max. 90 V	conductor/conductor 2000 V conductor/shielding 2000 V	flexible application: -30/+70°C	recommended: ±180°/m	acc. to RoHS directive of the European Union
